ZOYSIA JAPONICA

(Japanese Lawn Grass)

New Crop seed is now enroute. If not already acquainted with this very remarkable grass, send for our descriptive pamphlet.

ZOYSIA JAPONICA has been enjoying wide publicity in magazines, newspapers and on television because of its ability to outgrow weeds such as Crabgrass. It does not grow much over 9 inches per season and therefore requires very little mowing. It is immune to all known diseases and pests so damaging to other grasses.

One pound covers 450 square feet.
Price to consumers \$6.00 per lb. \$25.00 per 5 lbs.

Dealers write us for distributors prices.
